Alumni Plaza

The pavilion at Prichard House provides sheltered gathering, bike parking, and a garage entrance at one of Front Campus’s most important thresholds. Aligned to the facades of its historic neighbors, the pavilion is sized and positioned to complement the architectural detail of Knox College while leaving the iconic Croft Chapter House undisturbed. The stepped entry to Prichard House becomes an expanded plaza with accessible paths to Kings College Circle and the pavilion. Seat walls embedded in grade and a field of light masts create a unified and distinctly contemporary space.
